Question of Publicity.

The only jar in the sessions of the conference to-day occurred at the morning session, when a rather spirited controversy occurred over the question of the publicity of the proceedings. Each side manifested a disposition to charge the other with being responsible for the "leaks," and it was settled by renewed pledges to observe the strictest secrecy, henceforth regarding the proceedings. As a result the correspondents to-night experienced additional difficulty in securing information.

"The Japanese army is anxious to commence operations. The higher officers do

mence operations. The higher officers do not believe that the millitary progress has been sufficient to justify the expectation that Russia will concede the terms necessarily required by Japan, if the war continues, the nature of the country and conditions point "to" the likelihood that future operations will be restricted to the neighborhood of the railway. Wide turning movements, as suggested in the European press, are not likely to be features of the campaign, nor is it probable that any great military results will ensue this year."

## FORECASTS AS TO PRIMARY VOTE

Members of State Democratic Committee and Others Make Estimates.

MAJORITY FOR MARTIN

Representatives of Various Sections of the State Discuss Local Situations.

The presence of thirty or forty members of the Democratic State Central Committee, and other prominent Democrats, representing all the congressiona districts of Virginia, in connection with the State Committee meeting last night, brought out some interesting prophecies as to the result of the senatorial and gubernatorial contests in the primary, to be held throughout the Sinte next

to be held, throughout the Sinte next Tucsday.

A representative of The Times-Dispatch asked all the members present for expressions, but several of them, owing to their own candidacies at this time, or to private reasons, declined to be quoted. Here are some of the expressions elicited from the gottlomen, all of whom are experienced politicians, sturdy partisans, and, for the most part, favoring the candidacy of Senator Martin:

Hon. R. L. Jordan, of Montgomery:

"Montgomery will be at the least a tie, though the more sanguine Martin people prediot the senator will get a majority. The city of Radford will more than offset the county, even should the county go against the senator. Radford, in my estimate, will give Martin 3 to 1 of its vote. Pulaski and Gibes counties will both give Senator Martin handsome majorities, in my opinion.

Mr. George M. Muse, of Roaneke county:
"Roaneke county will give Martin from

Mr. George M. Muse, of Roanoke county:

"Roanoke county will give Martin from
160 to 200 majority. Roanoke city is
close, but Senator Martin's friends are
working hard there, and are hopeful of
carrying it."

Hon. R. A. James, of Pittsylvania:
"Our people are confident we (Martin)
will carry the county, and the Montague
lenders themselves believe it. Pittsylvania will give a large majority for
Martin. I believe the Governor's township, Tunstall, and his precinct, Stokesland, will both go against him.

land, will both go against him.

Have at Least One Judge.

"The Governor, will have at least one judge at each precinct, and at some ha will have two. There is one exception to this rule, and that is at the Governor's own precinct, where, so far as can be ascertained, no Montague man resides. The Governor will be given a judge at every precinct in the city of Danville also. The county committee has but two Montague men on it, but determined to give the Governor a judge at each precinct." Mr. Irving P. Whitehead, of Amherst: "Amherst is going for Martin by a substantial majority". The county will be very close between Mann and Swanson for the governorship. Mr. Strode will carry Amherst for the State Senate by a handsome majority. Lynchburg will be very close between Mann and Swanson: Campbell will give Mann a plurality, with Swanson next. Bedford will be carried by Willard, with Mann second. Amherst will go for Swanson, with Mann second. Nelson is practically a unit for Swanson, and in Appomattox Swanson will lead, with Mann second. I am not familiar with the situation outside of the counties and city named."

Mr. James Pleasant Woods, of Roancke city: "I think Martin will carry the city by about 200 majority, but I did not links to ten days ago. This estimate is based upon a careful poil of the vote, just completed.

"Roanoke county is strongly for Martin, and also for Swanson. in my oplaion Swanson will get as many votes as both his opponents in Roanoke city.

Mr. R. L. Allworth, of Northampton: "Northampton will go for Martin by a good majority. I think Accome will also two diventing the the Governor and the County all last week."
